

# Matteo Curcio

## VR Content Producer

I am a creative content producer with 20 years of experience between **Europe** and **UAE** producing content for broadcast, cinema and events.

During the last five years I have been working with **Virtual Reality**, **Immersive Video** and **360° Storytelling** medium, both from a technical and a creative standpoint.

Since then I have been conceptualising and successfully delivered 360° projects for non-profit, education, government, real-estate, automotive, events and retail, working on a **full 8K/12K stereoscopic workflow**.
