## Photographer

I'm an editorial and commercial photographer & videographer, specialising in people, products, event and portrait photography for a range of corporate and personal clients.

Working between Milano and Dubai, I try to infuse my shots with rhythm and harmony: music is the doorway that has led me to photography and videography.

I work in RAW in a tried and tested Adobe Lightroom/Photoshop/Nik Collection workflow, integrating graphics in Illustrator/Photoshop and laying out Indesign layouts when needed.

I travel with my own mobile photo-video setup, with a MacBook Pro Retina, a 8 TB portable RAID, Nikon/Blackmagic bodies, a set of Nikon f1.8 Primes and a motorised Edelkrone Slider.
